Barista One

Combining coffee from the finest beans with the innovative technology of a fully automatic Swiss-made espresso machine. This results in a truly authentic espresso experience for coffee bean lovers.

Coffee Club

Small and elegantly designed the Coffee Club is perfect where coffee quality is required in the minimum of space. Packed with sophisticated technology it still manages to provide a premium fresh milk espresso drink experience

Vitro S1

A compact coffee machine designed to provide quality coffee espresso-based drinks.

THE
DC7
GROUP

JDE
ONLY DISTRIBUTER
IN SCOTLAND

THE ULTIMATE BACK OF HOUSE COFFEE SYSTEM FOR SPEED, EFFICIENCY & QUALITY.

The DC7 Group is the official Scottish distributor of Douwe Egberts Coffee. Douwe Egberts has 260 years of experience in sourcing, blending and roasting the finest coffee, so you are guaranteed a great cup of coffee every time.

JDE | PROFESSIONAL

Excellence Touch

A unique coffee machine that combines high capacity with premium quality coffee. It offers 12 standard variations, delivering six seconds per cup and 30 seconds per pot (900ml). This results in an impressive 700 cups per hour. With the closed brewing system, everyone can enjoy a perfect cup of coffee at any time.

JDE | PROFESSIONAL

Quantum 110/300

With continuous coffee brewing and two standard variations, the Quantum can offer delivery of two cups every four seconds and two pots every 23 seconds.

JDE | PROFESSIONAL

Excellence Compact

This high-capacity machine delivers top quality coffee with seven standard variations, delivering a cup every six seconds and a pot every 42 seconds.

Cafitesse is a sustainable product – with 100% Green Energy being used in its production. Proud to be in partnership with Rainforest Alliance since 2018

Cafitesse is a coffee solution that is Sustainable, 100% Green Electricity is used in the production of Cafitesse. Jacobs Douwe Egberts are working to create a truly sustainable and ethical coffee industry.

They created Common Grounds, which was established in 2018 in partnership with Rainforest Alliance™, reflecting the companies commitment to improving farmer livelihood and protecting our planet for future generation. As a partner and distributor – we are proud to support this.

CAFITESSE

MORE THAN GREAT COFFEE

PDO Piazza D'Oro coffee blends utilise premium and exotic coffee beans, each with its own set of flavours, aromas and characteristics to excite and inspire. Enjoy notes of chocolate, dark fudge and a hint of macadamia nuts.

DE White Ox distinctively bold and dark roasted coffee. It is the result of more than 265 years of expertise from past and present master roasters. It is expertly blended, 100% arabica and UTZ certified. The coffee beans have notes of dark chocolate and crisp red berries.

Cafe Trevetti A blend of South and Central American coffees. It is rich and full bodied with a harmonious balance of roast flavours and subtle citrus acidity with an indulgent dark chocolate finish.

Merchants are a range of high quality espresso beans freshly roasted by ourselves. Within this prestigious range we offer; Gold, Verona and Milano Beans. All delivering a delicious cup of coffee.

BIRCHALL
A family tradition since 1872

Birchall Tea A bright and delicious range of award-winning teas bursting with full flavour. Birchall's supreme blends capture the freshness and delicious taste of Kenya's Great Rift Valley.

At the DC7 Group we offer
all our customers extensive
Barista Training.

TASTE COMES ALIVE

Barista Training can be undertaken at our fully equipped showroom or on-site, depending on the customer's preference.

The training covers all aspects of the coffee experience, from the understanding of coffee beans and their origin to learning about Brewing and Grinding. You will learn how to produce great coffee drinks as well as milk foaming techniques and daily/weekly cleaning procedures.

We can also provide training and workshops on how to create great latte art.

With our introduction into the beautiful art of coffee making, our customers will be able to get the best out of their machines.

DUMFRIES HOUSE

PART OF THE PRINCE'S FOUNDATION

“

Dumfries House, part of the Prince's Foundation, has been working with DC7 since January 2018. We have thousands of guests visiting the Estate every year, so it is really important that we serve delicious high-quality coffee in every cup.

After meeting the team at DC7 they suggested we install additional equipment to help improve the service and products we offer our customers and these changes have made a huge difference to the service we now provide.

We work closely with The Prince's Trust and run regular 'Get into Hospitality' courses on the Estate, providing hospitality training to local, unemployed young people.

As part of this course, our students have a full day Barista training session which the DC7 team now provides. At the end of the training day, the students who begin with no experience are confident in producing a range of speciality coffees, and also possess a knowledge of where the coffee beans originate, the roasting process and also equipment maintenance.

The service provided from DC7 to date has been second to none. The company have supported us at all our major events throughout the year, supplying additional equipment and stock. The entire team, from the office & sales staff to the engineers are all a credit to the company.

Dumfries House - Julie McCluskie, Restaurant Manager

At DC7 we have a wide and varied selection of hot drink vending machines. The machines are available in tabletop and free-standing models.

Selections include Instant, In Cup and Bean to Cup – all of which produce delicious high-quality hot drinks.

Zensia is easy to use and maintain - it brings you a full range of delicious coffee shop style drinks.

Neo offers up to 15 selections and a pre – selection of five, with USB connectivity. Neo+ is fitted with multimedia screen options and attractive LED features.

NEW Hygiene Management System.

Distance Selection technology goes live, providing the capability to configure and select the drink without direct contact.

Consumers can select their drink by placing their finger at a range of 2cm from the screen.

STATE OF THE ART VENDING

At the DC7 Group we work with the biggest and most recognisable brands in the cold drink and snack industry to deliver our vending customer's a huge variety of choice.

As well as all your favourite brands and products, we can also offer healthier options too, including fruit juices, flavoured waters, protein bars and drinks. Our vending machines can be individually tailored to your needs to suit your venue and it's customers. They can be fitted with contactless payment solutions, accepting Credit, Debit, Apple and Google Pay, as well as Cash payments.

SUSTAINABILITY

We now offer much more 'Greener and Sustainable' vending with machine glass fronts lit by long life low energy LED Lighting that are fitted with energy saving eco programming modes.

DEDICATED INSTALLATION AND TECHNICAL SUPPORT TEAM

Our dedicated Technical Support team offer a first rate 24 / 7 service to our customers.

They offer a wealth of knowledge having operated in their field for over two decades, whether it be in Coffee or Vending - we provide a fast response to rectify any issues faced by our customers, providing a fantastic level of customer service and continuous support.

Our Technical Team work alongside with our customers to ensure that they are happy and all their needs are met when installing any of our products.

“

As the dedicated vending operative for A.G. Barr; I have worked with Duncan and DC7 from 2010 until 2013 and again from 2016 until the present.

Working across the entire SEC Campus vending portfolio DC7 consistently deliver a first-class service. They are super intuitive. It's not an easy task to predict demand across a Campus where you may have a busy Exhibition, a sold out SSE Hydro gig, and a capacity event in The Armadillo across one weekend.

DC7 always deliver in the most professional, unobtrusive and efficient manner.

The DC7 team offer an outstanding and personal service and are always proactive with a hassle-free friendly approach.

Fiona Crichton - Head of Partnerships, SEC and The SSE Hydro
